

Ethi-Demand

Ethicall Field Services is an owner managed field agency business which carries out field visits on behalf of secured and unsecured creditors

E- Demand is Ethicall's innovative solution designed to produce the most efficient and effective Process Serving offering on the market, saving our clients time and money.

New instructions to serve are created by clients with direct access via password to our web based *Ethicall Workflow System*. Where possible, documents can be uploaded directly onto the system, and transmitted to our field agents instantaneously

Instructions are undertaken by our experienced team of Regional Partners and Area Managers working solely for us on an employed basis

We commit our field team to make three separate attempts where necessary to meet and serve the recipient

Visits are timed creatively to maximise contact and achieve best results

Typical Pricing:

- **Serve Standard** - £70 plus cost of affidavit if necessary

For all serve types, where documents are sent to us for service, the document is served and Ethicall representative leaves with no further dialogue

- **Serve Premier** - £80, plus 10% on collected sums and the cost of affidavit

A complete end to end service where documents are supplied by you to us; we serve the Statutory Demand however, we also offer the debtor a choice to accept the service or pay the outstanding balance.

We are able to offer nationwide coverage – and are happy to discuss volume pricing where applicable.
